

## 2007 SAE East-West Business Connection April 17, 2007

APACC, General Motors Corporation, National City Bank and UPS presented an exciting B2B roundtable event. Our guest speaker was Mr. Bo Andersson, GM Vice President, who addresses the changes in doing business in the global economy. Many Asian delegates from China, Chongqing, Nansha, Hong Kong, India, Korea, Malaysia and Taiwan participated in a B2B roundtable dialogue along with many corporate buyers from DCX, GM, Intier Automotive, LEAR Corporation, Magna Donnelly and many more. We have an overwhelming response of 250 attendees.
